

Project Update: May 2006

1. Reconnaissance visits to the sites have been undertaken. The following were the observations: The need to divide the project into 3 localities namely Gbledi, Ahor and Agumatsa-Torglo.
2. A data sheet for collection of data on location of farms especially with respect to the Community Nature Reserve has been developed, tested and adopted.
3. Currently, initial data is being collected on location of farms, farmers, landowners, crops etc.
